

Dear Sponsor,

Please join us on **April 14, 2018** as we grow into full bloom. **Festival des Fleurs de Louisiane**, now in its 27th year, is a one day garden show and sale showcasing businesses that offer garden-related products, as well as, showcasing local plant organizations. Each year the show attracts more people from occasional gardens to serious plant enthusiasts.

This unique Festival supports one of Lafayette's most valuable gardening support resources, **UL Lafayette's Ira Nelson Horticulture Center (INHC)**. The INHC's long history as an educational resource for the community and the region is well documented. It provides both educational and community services, while growing our region's rich horticultural traditions. Your sponsorship will be used to continue to maintain this valuable resource.

We invite you to consider becoming a sponsor and showing your support for the INHC, your customers and our great community. We will be in contact with you to discuss this opportunity, but you may also contact Billy Welsh at the Ira Nelson Horticulture Center at 337.482.5339, or welsh@louisiana.edu for more information.

Sincerely,

FESTIVAL DES FLEURS BOARD OF DIRECTORS
